

# STATIONARY AUTOMATED LICENCE PLATE READERS (ALPR) Now Active

## Monitoring Licence Plates of Interest Entering and Leaving Manitoulin District

### FOR IMMEDIATE RELEASE

May 30, 2025 – Whitefish River First Nation, ON

Effective May 30, 2025, stationary Automated Licence Plate Readers (ALPR) are now operational at the intersection of Highway 6 and Beedahban Miikun in Whitefish River First Nation.

These ALPR units scan and identify licence plates of interest moving in and out of the Manitoulin District. Each camera captures both infrared and coloured images and can process up to two licence plates per second.

Designated officers of the United Chiefs and Councils of Manitoulin Anishnaabe Police Service (UCCM APS) are authorized to input and monitor licence plates associated with serious investigations, including:

- Missing persons cases
- Homicides and serious assaults
- Amber Alerts
- Human trafficking
- Drug trafficking
- Organized crime

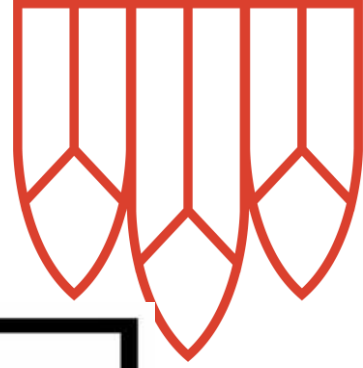

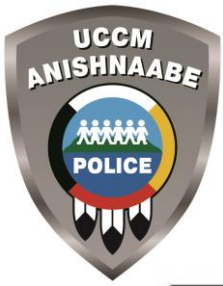

It is important to clarify that this system is **NOT** to be primarily used to detect speeding violations or other offences under the Highway Traffic Act.

The ALPR system serves as a powerful investigative tool, alerting law enforcement when a plate of interest is detected. Plates that are not flagged will be automatically purged from the system after **seven days**, ensuring adherence to privacy protocols.

This initiative enhances public safety and supports criminal investigations not only for UCCM APS but also for partner law enforcement agencies across Canada. The system was implemented following extensive consultation with the **Office of the Information and Privacy Commissioner of Ontario** to ensure compliance with privacy legislation.

Signage has been installed at entry points to Whitefish River First Nation to notify the public of the ALPR system.

## Community Safety Requires All of Us

UCCM Anishnaabe Police Service reminds all community members that safety is a shared responsibility. We rely on your information, support, and involvement to bring about meaningful change.

Drug trafficking brings with it serious consequences, including home invasions, violent assaults, homicides, addiction, homelessness, and overdose deaths. The damage to our communities is real and lasting.

We urge those with information to come forward. The most effective and protected way to share information is directly with police.

If you have any information related to any crimes, drug trafficking or organized crime, please contact:

 **UCCM Anishnaabe Police Service:** 705-377-7135

 **Sudbury Rainbow Crime Stoppers:** 705-222-TIPS (8477) or 1-800-222-TIPS (8477)

 **Online Tip Submission:** [www.sudburycrimestoppers.com](http://www.sudburycrimestoppers.com)

**Together, we can make a difference.**
